

BERKEL PRO LINE

Artikelnummer: XS25RED

General data

Pro Line XS25RED is the brand new series of professional electric gravity slicers from Berkel. This product line combines compact dimensions and elegant design, which is all our cutting machines. all our slicers. They consist of smooth lines edgeless materials, high-performance materials and all details in the characteristic Berkel red. The Pro Line XS, mainly intended for the HORECA market market, meets the requirements of a price-conscious user who wants excellent excellent cutting performance with the highest safety standards and easy cleaning, which are unique in this category.

Optionally

Optionally, you can also get the Teflon-coated version from us. This ensures perfect cutting properties when cutting cheese. We also offer an extra bread knife. This makes our XS25RED a real all-rounder among slicers, perfect for cutting meat, sausages, bread and cheese.

Technical details

The rotary knob for regulating the thickness of the slice can be adjusted from 0-14 mm. Quick and easy cleaning of the device is ensured by the removable parts, such as the cutting material plate, the blade cover and the cutting material. A stop plate made of aluminum provides a smoother glide by means of soft-grip. Berkel's 24-month manufacturer's warranty counts as another plus.

This makes our slicers the optimal and at the same time efficient kitchen appliance in every kitchen. In addition, they are also real space savers thanks to their compact design.
